Eagle Rock Multi-Age Program

Welcome to Eagle Rock Multi-Age Program, home of the ERMA Eagles!

Eagle Rock is a unique learning community built on a foundation of cooperation, family engagement, inclusion, and mutual respect. In our multi-age environment, students draw on their individual strengths to grow and succeed. The K-5 program seeks to develop life-long learners through collaboration, experiential learning, and cooperation.

Students and staff enjoy a family centered atmosphere at Eagle Rock. Students work and grow in “Family Groups” consisting of Kindergarteners through 5th graders. Within these family groups, students problem solve, support each other, and learn from one another. Parents and caregivers are an important component of the Eagle Rock family. Whether sharing their talents as a specialist, participating as a reading buddy or math helper, or volunteering on our playground, our trusted adults provide a critical layer of support for our students. Our staff is so proud of the core value of SOAR which pervades on our campus. ERMA Eagles. SOAR by Striving for excellence, Owning responsibility, Always being safe and Being Respectful.

Within this supportive environment, the whole child is able to thrive!

I welcome you to our extraordinary Eagle Rock community. Together we will SOAR!

Warmly,
Molly Lutz
Principal

School Overview

The Eagle Rock Multi-Age Program (ERMA), created in 1994, provides another choice for parents in the Riverview School District. This K-5 program integrates curricular areas through school-wide thematic units, bringing learning alive for students. We offer a unique hands-on, minds-on learning environment that fosters cooperation and teamwork. One component of the Eagle Rock experience is the commitment of each family to volunteer a minimum of 60 hours per year. Parents volunteer their strengths, talents, and skills. We believe that involving parents and community in the learning process is a critical and integral part of our students' success.
