

BUS DRIVERS ARE WE

By Carol Luft Jan 2018

Welcome to Riverview bus drivers are we,
In our bright yellow buses like busy bumble bees.

Driving our school buses like bees in a hive,
We love all our kids and love to drive.

Our students are the pollen gathered from place to place,
Wrapped in our wings for safe keeping like a warm friendly embrace.

Everyday an adventure not knowing what's to come,
Please no one throw up or leave their chewed bubble gum!

We have workers, drones, and off course our QUEEN BEE,
For us it's our mentor and friend QUEEN MARGIE.

Our mechanics are awesome keeping us running on the road,
So we can safely deliver our special cargo load.

And then there is dispatch they are key to our success,
Without them keeping us organized our routes would be a mess.

We can't forget Sabrina her leadership the best,
The busiest worker bee ever - never slowing to take a rest.

The subs complete the hive always there to help us out,
Coming at a moment's notice able to cover any route.

At the end of the day we all return to base,
Knowing everyone is home everyone is safe.

Drivers of Riverview you are all one of a kind,
The best of the best that anyone could ever find.
