The Riverview School District Board of Directors held a Board Work Study on June 7, 2019, at the Raging River Café in Fall City, Washington.

Present: Carol Van Noy, Lori Oviatt (via phone), Sabrina Parnell, Danny Edwards, and Dr. Anthony Smith.

The meeting began at 7:00 AM.

**Agenda and Minutes**

**I. Positives**

- Excellence in so many areas of student involvement. Jazz Concert for both middle school and high school was incredible. 5th grade moving up stations took advantage of all the leadership training of middle school students and the WEB (Where Everyone Belongs) leadership training in its second year. Stations were run by students, teachers, and counselors all partnering together. Student Voice much increased at this event, which was one of the priorities of hiring Amie and Scott as the administrators at TMS.
- Continued excellent superintendent and board involvement in events. Great attendance and student recognition already at Rise and Shine, Senior Awards, etc.

**II. School Board Student Representative is Sierra Owens!**

- Two great candidates with differing strengths
- Very close decision
- Sierra will provide diversity of Student Voice
- Thanks to those that interviewed the candidates

**III. June Issues**

- The senior issues continue over the reading of names at graduation. Our policy and procedures are clear on this. The decision was made based on district adopted policy and procedure. We have not read the names of those that did not meet requirements or died in the past.
- Gun incident with parent dropping concealed weapon has been address by law enforcement and the district separately.
- End of year events and going very well.

**IV. Fall Board Advance Facilitator**

- Superintendent asked for suggestions for the type of facilitator we would need for the fall Board-Superintendent Advance. Board VP Oviatt suggested someone that has expertise in equity and/or mindfulness as those are things we are working on as a district.
- Board and Superintendent agreed that this was a good idea.
- We will be scheduling the Board-Superintendent Advance in late October/early November as we have done in the past several years. Might be good to shoot for mid-October, given we will be conducting a diversity/equity forum in the fall and strategic planning community forum in the spring.
V. **Communications**
a. *The Board and Superintendent had an open-ended discussion about superintendent communications and weekly updates.* The Superintendent shifted a couple of years ago from Friday or Weekend weekly updates, to more frequent communication during the week. *Board Members had mixed input on this issue.* The Superintendent stated he would be open to adjustments in the future, but to be mindful of workload and what the superintendent should be prioritizing to move the district forward.

VI. **Superintendent HR Updates**
   a. *SSO at TMS and .5 for south district elementary schools and the RLC are off to a great start.* Ruby Perez and the superintendent have worked hard to schedule meaningful activities in and outside of the district.
   b. *While time consuming, the onboarding of four new administrators has been going well.* We hired a CV Principal, TMS Assistant Principal, HR Director, and Director of Business and Operations.

VII. **WSSDA/NSBA**
   a. *Lori and Carol completed submission information to present on the Riverview Ambassador Program at WSSDA and NSBA*
   b. *Board members and the Superintendent reminded everyone that we do not suggest that student representatives might be able to go to the National Conference unless we have a definite plan to use them in the presentation.* The opposite is true for WSSDA where there are varying ways we can incorporate their student voice, even if their participation and knowledge about the program is limited.

There was no action taken.

The meeting ended at 8:05 AM.

APPROVED BY THE RIVERVIEW BOARD OF DIRECTORS AT THEIR REGULARLY HELD MEETING ON JUNE 11, 2019.
