

### **International Exchange Students**

The board recognizes the value of cultural and academic exchanges. Such experiences provide international exchange students with a balanced understanding of our country and provide U.S. students with a broad world perspective.

Students visiting our state for a short stay (B-2 visa), such as a vacation or visit with friends or family, may not enroll in school in the district. However, with prior written permission from the school, these students may visit classrooms and attend school-sponsored events.

International exchange students who come to the U.S. for a long term visit (J-1 visa) with the intention of attending school may register to attend school in the district through a recognized international exchange program or through the sponsorship of a school. Riverview School District does not have F-1 visa authority to enroll students.

The district will admit such international exchange students when admission does not adversely impact the instructional program of the district.

### **Number of International Exchange Students**

The Riverview School District limits the total number of international exchange students to 1% of the school building enrollment annually.

### **Selection of International Exchange Organizations**

The district will only accept students from international exchange organizations registered with the Office of the Secretary of State of Washington State. (A list of such organizations is available on the website of the Office of Superintendent of Public Instruction at [www.k12.wa.us](http://www.k12.wa.us)).

### **Timing of Placement Process**

1. An international exchange organization wishing to enroll an international exchange student in a school in the district will submit to the district a request which provides a complete program description, including the name, address, and telephone number of the local representative. The Riverview School District must receive the application by May 1 for students planning to begin school in the fall.

2. The district staff, in consultation with the appropriate building principal, will review the application. The district will provide notification of approval or denial in writing to the program representative in a timely manner, but no later than June 15. The district will not accept exchange students for the second semester.
3. The district may, at its discretion, choose to accommodate a late applicant because federal J-1 Visa regulations permit the placement of exchange students up to August 31 of each year.

### **District Expectations of International Exchange Organizations**

Each international exchange organization must:

1. For the District:
  - a. Each year, obtain written school enrollment authorization for student placements before confirming a placement with a host family;
  - b. Follow district policy on placement timing and requirements;
  - c. Maintain a qualified and trained local representative with responsibility for each student including ongoing communication with the school and responding to school needs;
  - d. Provide the name, address and telephone number of the local program representative who will provide emergency, advisory and liaison services to the district;
  - e. Notify the district as soon as student and host family match-ups are confirmed and provide the name, address and telephone number of the student's host family to the district; and
  - f. Forward the student's cumulative records to the district prior to the approval for admission. The cumulative record will include transcripts and the student academic records, in English.
2. For the Host Family:
  - a. Arrange host family placements before exchange students leave their home country;
  - b. Personally interview and screen all potential host families, matching student and family interests and personalities; and
  - c. Maintain ongoing contact with the host family and student.
3. For the Student:
  - a. Screen and place exchange students based on their academic interests and abilities and not knowingly place exchange students based solely on their athletic abilities;
  - b. Prepare exchange students, including providing an orientation to the U.S., Washington state, the school and academic expectations;

- c. Ensure that the student will receive adequate financial support for the duration of his/her stay in the district;
- d. Ensure that exchange students have medical and accident insurance that meets or exceeds U.S. Department of State guidelines;
- e. Ensure that exchange students arrive in their host homes and school placements by the first day of classes;
- f. Monitor student progress during the school year and respond to issues or problems as they develop;
- g. Provide any necessary student tutorial help and support services. In the event that tutoring/ESL or special accommodations are needed, the organization must make arrangements and accept financial responsibility for such services; and
- h. Inform the student of student activity costs and/or fees as required by the district.

### **School Expectations for International Exchange Students**

It is the responsibility of the international exchange organization to ensure that the international exchange student is fully aware of the expectations of the school that has accepted placement of that student.

Each international exchange student must:

1. Be qualified to participate in regular classes and maintain a typical schedule. This means the student must have an acceptable level of proficiency in the English language, a commitment to treat coursework as important, and the social skills to enjoy participation in social and extra-curricular activities;
2. Understand that eligibility of international exchange students to participate in extra-curricular athletics, music, forensics, and other such activities may be limited and is determined by the rules and regulations of the Washington Interscholastic Activities Association;
3. Attain passing grades by the end of the first semester;
4. Know and follow all school policies and rules, and federal regulations related to the visa;
5. Meet district and state graduation requirements in order to be eligible to receive a high school diploma. Each international exchange student must also understand that it is not the purpose of the international exchange experience to enable international exchange students to receive a Washington state high school diploma. Therefore, international exchange students will not be included in any class ranking lists, nor will a GPA be computed for them. The district will determine whether it is appropriate for the student to participate in graduation ceremonies or to receive a high school diploma;
6. Pay all normal expenses, including standard course and extra-curricular activity fees;

7. Present required paperwork, including visa information, medical records, transcripts and host family information, to the school staff member designated to coordinate the international exchange program; and
8. Understand that enrollment eligibility for international exchange students in public schools is for one school year only.

### **School Responsibilities**

1. Schools are expected to provide international exchange students with all rights and privileges accorded to resident students — except the right to a diploma; and
2. The school will make every effort to integrate international exchange students into the school's social fabric. In turn, schools will encourage international exchange students to participate enthusiastically in school activities, to make friends, to make a personal contribution to the school, and to help spread the word about their country and themselves, informally and by making presentations in classes and to community groups and talking to media when asked.
